German Beers

Hacker Pschorr Kellerbier - 50c - 5.0%

An unpasteurised beer containing most of its original brewing yeast than your standard beer. This results in a smooth malty flavour with spicy caramel, honey and plum overtones.

£5.60

Hacker Pschorr Gold - 50c - 5.5%

A premium strength lager from Hacker Pschorr. It was originally used for the export market where the condensed beer was watered down at the destination - it tasted so good they decided to bottle it. This is an amazing full flavoured lager with a bigger body and a longer lasting taste.

£5.60

Hopf Helle Weisse - 50c- 4.4%

Lighter than the usual German Hefeweiss beers, this is a mix of 40% barley and 60% wheat making for a much more sessionable wheat beer. Plenty of banana and clove flavours present, but balanced by bitterness from the hops.

£5.60

Paulaner Dunkel Munich - 50c- 5.0%

Paulaner's dark lager contains a smaller proportion of the usual malt. Chocolate and black malts used to fill the gap and boost the flavour of the beer, making it a big bodied, full drinking beast of a lager. The caramel flavours mix well with the pale malt to create a lighter taste.

£5.60

Paulaner Dunkel Hefeweiss- 5.5%

As with the lager, this use of darker wheat malt creates a very different wheat beer. Smoother and less carbonated than standard Hefeweiss, this goes down very well. The darker malts make this an insanely good wheat beer and one worth coming back for.

£4.50

Paulaner Munich- 4.9%

A classic German beer hall lager, this helles lager is naturally filtered for 100 days to give it a clean, crisp though slightly complex flavour. For a taste of Oktoberfest go no further, though be aware it is dangerously drinkable.
